RENEWED PETITION UNDER 37 C.F.R. § 1.47(a)

Supplemental to the earlier filed Petition of February 9, 2006, Applicants **Frans Gerrit Davelaar** and **Jacob Jacobus Louverens** hereby petition the Commissioner to make application for patent on behalf of themselves and the other named, non-signing inventor **Mathieu Hubert Vertommen**.

Subsequent to the earlier filed Petition, Jacob Jacobus Louverens and Frans Gerrit Davelaar have executed the necessary Combined Declaration and Power of Attorney, submitted herewith under a separate Transmittal Letter. It is noted that Dr. Louverens middle name is correctly spelled in this document.

A third attempt has been made to secure the signature of Mr. Vertommen, in addition to the two separate attempts referred to in the Petition of February 2, 2006. As the attached receipts illustrate, a further copy of the Assignment and Declaration/Power of Attorney, together with a cover letter was received by Mr. Vertommen. Delivery of these papers was made by DHL, and signed for by the inventor, on **June 22, 2006**. A message regarding these papers was also left on an answering machine (011 31 318 540 479) that is believed to be in his home, with no response to the undersigned.

In this regard, the Office should note the following documents which accompany this Supplemental Petition: **Exhibit A** contains the DHL tracking receipt for the DHL package sent on June 20, 2006 to Mathieu Hubert Vertommen, along with copies of the papers included therewith, as follows: a copy of the cover letter dated June 20, 2006, together with the Declaration/Power of Attorney, and Assignment of Invention.

Attorney John Levis who filed the Petition of February 9, 2006 is no longer employed by Wyeth, the assignee of this Application. As he was previously under my supervision, I have assumed interim responsibility for matters which had been on his docket, and personally supervised the preparation and mailing of all the above papers to Mr. Vertommen, through our secretary Pauline M. DeChiaro.

To date, no executed papers have been returned by the inventor **Mathieu Hubert Vertommen**. In fact, no correspondence whatsoever has been received from Mr. Vertommen regarding the present Application. As previously noted in the Petition of February 2, 2006, his last known addresses is as follows:

1. Inventor 1 Name and Last Known Address

Mathieu Hubert VERTOMMEN, Zeelandia, 4, 3901 GZ Veenendaal, The Netherlands

Granting of this petition is respectfully urged to preserve the rights of the parties, since failing to respond to the Decision on Petition dated 25 May 2006 (which period for response expires July 25, 2006), will result in abandonment of the Application.

The Commissioner is hereby authorized to charge any required fees necessitated by the filing of this Supplemental Petition and/or the enclosed Combined Declaration and Power of Attorney to Deposit Account No. 01-1425.

I further declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true. I further declare that these statements are made with the knowledge that the willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States code, and that such willful false statements may jeopardize the validity of the instant application or of any patent issued thereupon.

Respectfully submitted,
